UNLEASHING MOBILITY, INSPIRING POSSIBILITIES

ACCESSORIES

PRODUCT PERSPECTIVE

PRODUCT FEATURES & SOLUTIONS

Our **AIRover** hybrid premium wheelchair offers unparalleled freedom, versatility, and durability.

Comprehensive Warranty and Support

Clients enjoy a worry-free experience with our comprehensive warranty, ensuring the longevity and reliability of their AIRover wheelchair.

Sleek and Modern Aesthetics

The sleek design allows clients to **express their individuality**, promoting a sense of confidence and pride.

Intuitive Controls

Clients experience **enhanced independence**, as the wheelchair responds precisely to their commands, making daily activities more manageable.

Safety Features

Safety features such as anti-tip mechanisms and obstacle detection contribute to **accident prevention**, offering an extra layer of protection.

Versatile Terrain Compatibility

Clients can **explore diverse terrains**, from city streets to nature trails, expanding their mobility and experiences.

Weather-Resistant Design

The weather-resistant design reduces the need for constant maintenance, **saving clients time and effort**.

Carbon Frame Technology

The carbon-frame technology ensures a lightweight yet incredibly durable wheelchair, providing clients with a **reliable and long-lasting mobility solution**.

7 Air Cushion Seating with TENS unit & heating

The combination of air cushioning, TENS therapy, and heating **promotes comfort** and contributes to improved physical well-being.

Lithium Long-lasting Battery Life

Clients benefit from an **extended range of travel** with the lithium battery, providing the freedom to go about their day without concerns about running out of power.

Adaptive Air Suspension System

Clients experience a **smooth and comfortable ride** with the adaptive air suspension system, adapting to different terrains and minimizing the impact of bumps.
